CORPORATE GOVERNANCE COMPLIANCE REPORT

This Corporate Governance Compliance Report of Mavi Giyim Sanayi ve Ticaret A.Ş. (henceforth “Mavi” or the “Company”) was prepared in the format stipulated in the Capital Markets Board (henceforth “CMB”) regulation No. 2/35, published in the CMB’s *Weekly Bulletin* of 27 January 2014, No. 2017/2, and is presented below.

1. Declaration Of Compliance With Corporate Governance Principles

Mavi’s corporate culture is defined by remaining close to its customers, being passionate for its product quality, and reliable towards its employees. At Mavi, business partners are regarded as permanent and the company seeks to establish a deep connection with its customers. Mavi conducts its operations in accordance with the principles of transparency, fairness, responsibility, accountability and sustainability.

The Company began trading on Borsa Istanbul on 15 June 2017 (ticker symbol “MAVI”) and henceforth it has been subject to CMB regulations. As a matter of policy, Mavi fully complies with the mandatory principles stipulated under the Corporate Governance Communiqué Serial II No. 17.1. Mavi also aims to achieve full compliance with non-mandatory Corporate Governance principles and work is in progress on applying those principles Mavi has yet to implement. Once Mavi completes its implementation of the legal and technical infrastructure, the Company will be fully compliant with all Corporate Governance principles, mandatory or not.

The non-mandatory Corporate Governance principles Mavi has yet to implement are indicated below, including the reasons for non-implementation. Mavi has no conflict of interest arising from not having achieved full compliance with these principles.

Article 1.5.2. Under the Articles of Association, minority rights are not granted to shareholders who hold less than one twentieth of capital and, in accordance with general practice, minority shareholders hold rights accorded by the general provisions of law.

Article 4.2.5 The posts of Chairman of the Board of Directors and General Manager (CEO) are held by separate directors in Mavi and the Mavi’s Internal Directive clearly delineates their respective scope and limitation of authority. The differentiation between these roles will be detailed in the Articles of Association during the next reporting period.

Article 4.3.9 Mavi’s Board of Directors currently has one female member. Mavi is working towards increasing the number of female members on its Board of Directors.

Article 4.4.7 The members of our Board of Directors are trusted individuals due to their successful careers, and their competencies bring essential contributions within the principles of confidentiality. No restrictions were introduced regarding the duties of the board members outside the Company and likewise, in the General Assembly, the intra-group and non-group duties assumed by the candidate members and underlying rationales were not indicated specifically under the relevant agenda point. Such a restriction is not deemed necessary, particularly taking into account that the work experience and sector insights of independent members delivers an essential contribution to the Board of Directors.

Article 4.5.5 Mavi has determined the number of its independent Board members at two. In so doing, the Company considered various factors such as the volume of its operations and its administrative needs. Currently, the Board has three committees. In respect of the principle requiring committee chairs to be independent members, it is necessary to delegate multiple committee chairs to the independent members. This does not give rise to any conflict of interest within the Company.

Article 4.6.5 The General Assembly determines remuneration rates payable to members of Mavi's Board of Directors. In line with general practice, remunerations of Board members and senior executives are disclosed to the public in the Company's financial table footnotes.
