Mavi requires all of its Business Partners to adopt and ensure the following standards at every stage of the production of its products. As a prerequisite of doing business with Mavi, our Business Partners must commit to meeting fundamental human rights, environmental standards and employment conditions, including, without limitation and any compromise, the following:

All employees shall be registered with the local labor office by Business Partners. Illicit work is not allowed.

HEALTH & SAFETY

Business Partners shall provide a safe and healthy workplace and comply with "Health and Safety Rules" mentioned in Mavi's procedures. Using production techniques that could endanger human health and safety is prohibited. Business Partners also guarantee that employees are periodically updated and trained on applicable health and safety regulations as well as any precautions taken.

ENVIRONMENTAL PROTECTION

Mavi requests all Business Partners to protect the environment with a sense of sustainable manufacturing.

Business Partners must follow the requirements stipulated in all global and local environmental legislation and take necessary measures at all production stages.
